

How to purchase Young Living Essential oils

To purchase Young Living essential oils and related products via their website, you need to first set up an account via their website: https://www.youngliving.com/en_AU/. To do so you must have an existing Young Living member be your sponsor and enroller and include their membership number when placing your first purchase online. As Soulla Chamberlain will be your enroller please set up your account using her membership number of **3963066**.

The next step is to choose your type of membership. There are several choices:

1. As a retail customer

Under this option you can purchase whatever product you like (including an individual oil). This option however is not recommend because it is the least economical way as you will pay the full retail price which is **24% higher** than options 2 and 3 below.

2. As a wholesale customer (not under the rewards program)

As a wholesale customer you will obtain a lifelong membership to obtain 24% off the retail price and you can order whenever you like **as a standard order** for however much you like provided you order 50PV once in every 12 month period. Each product is assigned a PV ("Personal Volume") amount which you can think of as an international currency. 50PV = USD50. What this equates to in AUD will depend on the prevailing exchange rate.

As part of this membership under Soulla Chamberlain's team, you will have the option to attend my essential oils educational information sessions (often with special guests) to guide you on your essential oil journey and to build your knowledge.

For your first order you must order one of the Young Living starter kits which include:

- the **Basic starter kit \$59 (plus \$11.55 postage)** which contains 1x 5ml Stress Away plus samples and the product guide.
- the **Premium starter kit with DewDrop diffuser \$258.99 (plus \$11.55 postage)** which contains 11 x5ml oils, Thieves Waterless Hand Purifier 29.56g, the roller fitment, DewDrop diffuser, samples and the product guide.
- the **Premium starter kit with Aria diffuser \$419 (plus \$11.55 postage)** which contains the same contents as the above kit but includes the Aria diffuser instead of the DewDrop diffuser.
- the **Healthy Home Premium Starter kit \$289 (plus \$11.55 postage)** ideal for those wishing to replace harmful chemicals in the home with powerful, natural

alternatives. This kit contains Thieves AromaBright Toothpaste, Theives Cleansing Bar Soap 100g, Thieves Dental Floss, Thieves Dish Soap 355ml, Thieves Foaming Hand Soap 236ml, Theives Fresh Essence, Mouthwash 236ml, Thieves Household Cleaner 426ml, Thieves Spray 29.5ml, the DewDrop diffuser, 6x5ml essential oils (lavender, lemon, peppermint, Purification, Thieves, Stress Away), samples and product guide.

- Refer to the Young Living website for other starter kits.

For subsequent orders you can simply purchase individual oils and pay \$11.55 shipping. Under this option you do NOT receive any credit points or free gifts or discounted shipping. Under this option you can elect at any time to upgrade to the Essential Rewards program (option 3 below).

If you are not sure which Starter Kit to buy I recommend the Premium Starter Kit with Dewdrop Diffuser.

3. As a wholesale customer under the Essential Rewards program (minimum of 50PV per month = US\$50)

If you are serious about living a toxic-free lifestyle and replacing all your personal care products and household cleaning products with non toxic essential oil based products, then signing up to the rewards program is the **best value** of all of the options because you get rewarded with:

- **credit points** that can be redeemed to purchase free Young Living products: when you order a min of 50PV of products per month for each month for 3 consecutive months then you will also accumulate 10% of the PV of your order in credit points, and for your 4th to 24th monthly orders you accumulate 20% of the PV in credits points and for subsequent orders onwards you accumulate 25% of the PV in credit points. These credit points can be used like cash to purchase certain Young Living products as a **standard** order (call Young Living to place such an order saying you wish to redeem your credit points). You can't use credit points towards your monthly **essential rewards** order (hence you do not earn additional credit points for products purchased with your points). Credit points expire on a rolling 12 month basis so keep an eye on how much you have accumulated close to the 12 month mark (or simply ask Young Living when your points expire each month when you are on the phone to them).
- **periodic free gifts:** If you order a min of 100PV (= US\$100) each month then in addition to the credit points referred to above you will also receive periodic gifts (e.g. 5ml bottle of essential oil) at the 3, 6, 9 and 12 month mark and every 12 months thereafter. In addition there are monthly promotions on top of that i.e. if

you spend a certain minimum PV for that month (and the amount varies from month to month depending on the monthly promotion) you get a free gift.

- **discounted shipping fees** (\$9.90 compared to \$11.55).

Under the Essential Rewards program, you need to place monthly orders of a **minimum of 50PV per month** or more to avail yourself of the benefits of this program. If this seems like a lot think of how much you currently spend on personal care and household cleaning products every month. For me, Young Living essential oils and products are not an additional household expenditure – but simply a redirection of resources from conventional (or other) products to pure, organic, therapeutic, safe products. And they all get delivered to my door!

As part of this membership under Soulla Chamberlain's team, you will have the option to attend my essential oils educational information sessions (often with special guests) to guide you on your essential oil journey and to build your knowledge.

For your first order you must purchase one of the Starter Kits:

- the **Basic starter kit \$59 (plus \$11.55 postage)** which contains 1x 5ml Stress Away plus samples and the product guide.
- the **Premium starter kit with DewDrop diffuser \$258.99 (plus \$11.55 postage)** which contains 11 x5ml oils, Thieves Waterless Hand Purifier 29.56g, the roller fitment, DewDrop diffuser, samples and the product guide.
- the **Premium starter kit with Aria diffuser \$419 (plus \$11.55 postage)** which contains the same contents as the above kit but includes the Aria diffuser instead of the DewDrop diffuser.
- the **Healthy Home Premium Starter kit \$289 (plus \$11.55 postage)** ideal for those wishing to replace harmful chemicals in the home with powerful, natural alternatives. This kit contains Thieves AromaBright Toothpaste, Thieves Cleansing Bar Soap 100g, Thieves Dental Floss, Thieves Dish Soap 355ml, Thieves Foaming Hand Soap 236ml, Thieves Fresh Essence, Mouthwash 236ml, Thieves Household Cleaner 426ml, Thieves Spray 29.5ml, the DewDrop diffuser, 6x5ml essential oils (lavender, lemon, peppermint, Purification, Thieves, Stress Away), samples and product guide.
- Refer to the Young Living website for other starter kits.

If you are not sure which Starter Kit to buy I recommend the Premium Starter Kit with Dewdrop Diffuser.

You must place your second monthly no later than 1 month after your first order and you will be reminded to do so by Young Living 2 days before your order is due so that you won't forget! If for some reason you do not place an essential rewards order before your cut off date then Young Living ***will assume that you simply want a repeat of your last order and will charge your credit card for that.*** To that end it is

imperative that you place your order before your monthly cut off date as an Essential Rewards order (best to set a monthly calendar alert to remind you as well!). You can place an Essential Rewards order at any time of the month but it won't be processed until your monthly cut off date and hence it won't be shipped to you until a couple days AFTER that cut off date. If you need products BEFORE the monthly cut off date then you can:

- place an order for those products as a **standard order** but such orders do NOT attract free gifts or credit points or discounted shipping.
- **Move your monthly cut off date** for that month so that you can place your essential rewards order earlier, and hence earn credit points, free gifts and obtain discounted shipping.

If you no longer wish to be on the rewards program you can always call **Young Living on 02 8604 5600** and discontinue the rewards program at any time but still stay on as a wholesale member under option 2 above and simply make purchases at any time within a 12 month period.

In each of the above options remember to use Soulla Chamberlain as your sponsor and enroller with her membership number of 3963066 when making your first purchase and setting up your account.

Suggested monthly orders on the essential rewards program

If you have signed up under the **Essential Rewards (“ER”) monthly program**, you will be **rewarded with:**

- discounted shipping,
- redeemable credit points; and
- free promotional gifts.

Under ER monthly program you will need to spend:

- 50PV per month to receive credit points; or
- 100PV per month to qualify for periodic gifts and awesome monthly promotions.

You can jump on or off the rewards program at any time you wish, however the ER program is the **most economical way** of ordering products.

Remember, Young Living offer not only hundreds of different pure, therapeutic grade essential oils but also numerous environmentally sustainable, non-toxic, essential oil infused **household and personal care products to replace what you would otherwise be purchasing anyway.**

Set out in the table below is a suggested ordering schedule to ensure you reach 50/100PV each month effortlessly and easily by healthy swapping your existing expenditure with Young Living products that come to your door:

Hot tips:

1. Try to **spread your orders out** so that you are ordering at least 50/100PV per month. If you are a wholesale customer not on the Essential Rewards program and find yourself ordering 50/100PV per month or placing substantial/bulky orders every few months, I encourage you to consider enrolling in the Essential Rewards program and spreading your orders out every month to reap the benefits of discounted shipping, credit points and free periodic gifts.
2. **If your order is just under 50/100PV by a few points**, consider purchasing the lip balm (4.25PV) or orange essential oils (10.75PV) to get you across the line.
3. In addition to the periodic free gifts, there are also **monthly promotions** that mean that if you spend a certain amount in any given month you get the free gifts (promotions) for that month. Watch out for these via the Young Living monthly email newsletter. This is another reason why I like to place my monthly orders over the phone as the customer service staff will remind me of the monthly promotions and that if I increase my order by a certain amount I will qualify for the monthly promotion.

4. A good way of reminding yourself to change and update your monthly ER order is to put a **recurring calendar entry into your mobile phone** a couple days before your monthly ER order due date and to **keep a running list of products you want to purchase as you progress through the month**. Otherwise, you will receive your previous months order!
